# **Crookston - CKN**

# **Crookston Municipal Airport - Kirkwood Field**

Associated City: Crookston, MN

MnDOT Classification: Intermediate Airport

**NPIAS Airport:** Yes

## State Aviation System Plan Facility Needs Summary

#### Minimum

| Airside Facilities:           | Base Year     | System Objectives         | Recommended |
|-------------------------------|---------------|---------------------------|-------------|
|                               |               |                           |             |
| Runway Length (Feet)          | 4,300         | 2,400 Feet                | No Change   |
| Runway Width (Feet)           | 75            | 75 Feet                   | No Change   |
| Parallel Txy/Turnaround       | Full          | Full                      | No Change   |
| Runway Lighting               | MIRLs         | MIRLs or LIRLs            | No Change   |
| Weather Reporting             | Yes           | As Needed                 | No Change   |
| Fuel                          | Jet-A & 100LL | 24/7 100LL Desirable      | No Change   |
| Transient Aircraft Apron (SY) | 12,133        | Unhangared Based Aircraft |             |
| Based Aircraft Apron (SY)     | 390           | Ĭ                         | Construct   |
| Based Tie Downs (Each)        | 1             | & Peak Hour Itinerant Ops |             |

## **Navigational Systems:**

Primary R/W Approach Type

Wind Cone Rotating Beacon PAPIs / VASIs REILs Approach Lighting

| Enhanced NPI<br>w/Vertical | Enhanced NPI w/Vertical                | No Change |
|----------------------------|----------------------------------------|-----------|
| Yes                        | Wind Cone, Rotating Beacon, PAPI, REIL | No Change |
| Yes                        |                                        | No Change |
| PAPIs                      |                                        | No Change |
| Yes                        |                                        | No Change |
| None                       |                                        | No Change |

# **Airport Buildings:**

Commercial Terminal
GA/Administration
Restroom
T-Hangar (Units)
Conventional Hangar (Units)

| No  |                           | No Change |
|-----|---------------------------|-----------|
| Yes | GA/Admin Building         | No Change |
| Yes |                           | No Change |
| 44  | 100% of Jets & Turbos 95% | Construct |
| 2   | of Single & Multi         | Construct |

## **Landside Facilities:**

Automobile Parking (Spaces)
Perimeter Fencing

| 45   | 1 Stall per B.A. Plus 25% | Construct |
|------|---------------------------|-----------|
| None | Full Desirable            | Install   |

Notes: Data provided is for system planning purposes and shall not be used to justify individual improvement projects.

R/W = Runway, PI = Precision Instrument, NPI = Non-precision Instrument, B.A. = Based Aircraft, NP = Not Provided.
